My Three Favorite Pedestrian Pens

Uniball Signo .38

Pilot Juice .38

PaperMate Ink Joy

I prefer fine points. These all write thin lines in gel with absolutely zero skipping, I use them all everyday. I enjoy my collection of fountain pens, a habit I got from my mother, but for daily note taking and writing in pocket journals and marking and editing copy, these are all great.

I also recommend The Pen Addict and JetPens for those who also suffer this obsession.
